Project Professional
Nova Cork

"Even though cork comes from a renewable resource and also recyclable, Nova Distinctive Floors takes it one step forward in its manufacturing process by recycling 100% of our manufacturing by-products for our facility's heating system. We are dedicated to protect our environment by using renewable resources to manufacture cork floors and provide a unique flooring system for your design needs."

March 2010 Newsletter

Go Green Month:

Project Professional offers a variety of environmentally friendly products. Purchase any green product throughout the month of March and receive a 25% discount on those products

Featured Brands:

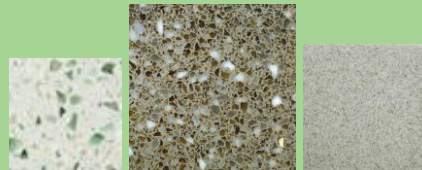

Carpet and Pad:

Shaw: "All of Shaw's residential and commercial carpet styles meet CRI's Green Label Plus certification, the most stringent testing standard in the industry." (ShawFlooring)

Mohawk: "All Mohawk's synthetic fiber products are tested in accordance with the Carpet and Rug Institute's Indoor Air Quality Program. The Green Label is your assurance that this product meets the established guidelines for emissions of volatile organic compounds (VOC's). Mohawk's cushions contain no formaldehyde." (www.mohawkportico.com)

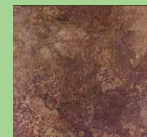

Countertop:

IceStone: "IceStone is a durably surface made of 100% recycled glass in a cement matrix. Each Slab is VOC-free, made in the USA, and holds Cradle to Cradle Gold certification; recycled glass countertops don't get more sustainable than that!" (www.icestone.biz)

Tile:

Bedrosians: Florim USA Wish series is a leed certified product. Available in four colors and sizes 12x12 and 18x18
